

Camp McCormick 2012

This summer we will encourage campers ages 3-12 explore the every-day opportunities that will help care for our planet. Our theme is **Every Day is Earth Day**. We will use science, math, art, culture, and all areas of the Montessori environment to explore ways to take better care of the environment.

Session 1: WWND (What Would Nature Do?) We'll look at how eco-systems work and we'll create our own. We will explore the processes that allow nature to recycle, purify, and rejuvenate itself. (June 5 - 7;12-14)

Session 2: Waste Wise We'll find ways to turn trash to treasure by looking for creative ways to reuse items that otherwise might go in the trash. We'll have an emphasis on math during this session focusing on the quantity of waste and how to reduce it every day. (June 19-21; 26-28)

Session 3: Respect your Elders (and Oaks, Pines, and Hickorys, too) We'll look at the forest as an ecosystem. We'll explore planting, weeding, and composting. (July 10-12;17-19)
